Spray Control Flange Safety Rings, Stainless Steel

Designed for installation over flange joints to prevent injury and damage in the event of a hazardous sprayout
DN 10 – DN 1.000 und .1/2“ – 24.“

TRIPLE ADVANTAGE of PROTEC DURA-SAFE®

QUALITY. This range is designed for installation over flange joints to prevent injury and damage in the event of a hazardous spray out. Steel Rings SRM 3600 are used for high temperature and/or pressure applications when PP spray shields are unsuitable for the design conditions. Stainless steel spray shields in “316” are suitable for maximum operating temperature of 1100 °C and maximum operating pressures of 240 bar. Stainless steel ASTM 316 for high temperature resistance. Sizes up to DN 600 and ANSI 24.“ 600.

AVAILABILITY. With over 400 million moulded components shipped from our Oststeinbek / Hamburg logistics center we provide the fastest on time delivery service to all markets and industries.

PHILOSOPHY. Innovative protective closures at the best price in the market.

Material :
Stainless steel ASTM 316

Individual Productions :
On request we develop and produce individually tailored solutions next to the standard items of this range: additional dimensions, different materials and new colours

We would be pleased to advise you.

Material :
 Stainless steel ASTM 316

Up to DN 600 and ANSI 24." 600

Designed for installation over flange joints to prevent injury and damage in the event of a hazardous sprayout.

Think Plastic. Go Protec.®

Should your requirements not be shown please ask for separate quotation.
 PROTEC products and specifications are subject to improvement and change without notice.

Spray Control Flange Safety Rings, Stainless Steel

Designed for installation over flange joints to prevent injury and damage in the event of a hazardous sprayout

Material :

Stainless steel ASTM 316

Individual Productions :

On request we develop and produce individually tailored solutions next to the standard items of this range: additional dimensions, different materials and new colours

We would be pleased to advise you.
